

USB Type-C™ to HDMI® Cable

Thunderbolt™ 3 Port Compatible

USB Type-C
Thunderbolt™ 3
port compatible

Installation Instructions

- Connect the cable to the USB-C/Thunderbolt 3 port of the host device
- Connect the HDMI end of the cable to the display
- Select the HDMI input from the display menu
- Find a compatible video resolution between the host and output display
- Note: 4K video resolution support requires a 4K computer source and output display

Troubleshooting Tips

- DisplayPort Alternate Mode (video over USB) must be supported by your device
- Your PC may need updates for the Thunderbolt 3 ports to function properly

Customer Support and Contact Information Cable Matters offers lifetime technical support as an integral part of our commitment to provide industry leading solutions. Email us with any questions at support@cablematters.com.

Warranty Information This product is backed by a limited one-year warranty. Cable Matters warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair or replaced with equivalent products at our discretion. The warranty covers parts and labor costs only. Cable Matters does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability In no event shall Cable Matters Inc. (including their officers, directors, employees or agents) be liable for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of, or related to the use of this product exceeding the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

FCC Compliance Statement This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device has been evaluated to meet general RF exposure requirement.
