

# USB-C™ to DisplayPort™ Cable

## with 60W Power Delivery

USB Type-C  
Thunderbolt™ 3  
port compatible

# USB-C™ to DisplayPort™ Cable with 60W PD

## Installation Instructions

- Connect a USB-C charger and cable to the PD port (optional)
- Connect the cable to the DisplayPort port of the monitor
- Connect to the USB-C/Thunderbolt 3 port and check for the blue LED
- Find a compatible video resolution between the host and output display
- Note: 4K video resolution support requires a 4K-rated source and output display

## Power Delivery Information

- Connect the cable to a USB charger for the best performance
- Use the charger and cable that came with your device
- Check for the charging icon on your device
- Do not disconnect the charging cable while viewing video

## Troubleshooting Tips

- DP Alternate Mode (video over USB-C) must be supported by your device
- Test with a fully charged device
- Test the cable with a different device, if possible
- A charging icon will not display if the Thunderbolt 3 port is rated for 15W
- Some computers require more than 60W for charging
- Disconnect everything, reboot the device and reconnect
- A Windows PC may require Thunderbolt 3 driver updates

**Customer Support and Contact Information** Cable Matters offers lifetime technical support as an integral part of our commitment to provide industry leading solutions. Email us with any questions at [support@cablematters.com](mailto:support@cablematters.com).

**Warranty Information** This product is backed by a limited one-year warranty. Cable Matters warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair or replaced with equivalent products at our discretion. The warranty covers parts and labor costs only. Cable Matters does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

**Limitation of Liability** In no event shall Cable Matters Inc. (including their officers, directors, employees or agents) be liable for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of, or related to the use of this product exceeding the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

**FCC Compliance Statement** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device has been evaluated to meet general RF exposure requirement.
